

10 Things I Can't Live Without

1. My Husband. “My husband Josh is a Technical Sergeant in the United States Air Force. We have been married for just over a year. He is a wonderful man and I am lucky to have him in my life. He is supportive, encouraging and always challenges me to do new things.”

2. My Work. “I truly enjoy my career! I started working in the apartment industry nine years ago as a leasing consultant, and have worked at several communities since then. Every day is an adventure and I am looking forward to many more years in the industry.”

3. Food. “I love to eat! As anyone who has worked with me can attest, I am constantly hungry and planning my next meal. I am also a really fast eater, so I am always the first one done eating—and the first one trying to steal food from other people’s plates.”

4. Lip Gloss. “I can’t stand to be without some sort of balm or gloss on my lips. I keep tubes in my car, my purse, my desk and everywhere in the house. I even wake up in the middle of the night to reapply my lip balm!”

5. Shopping. “I love to shop! I live in a small town right now, so I have to travel more than an hour to get to the mall. That doesn’t stop me, though; I just have to power shop whenever I get the chance to make the trip to the mall.”

6. Lists. “I am a huge list maker. I always have a list on hand, which keeps me on-task throughout the day. I even keep a book at home with all of my various lists in it. It is my list of lists!”

7. Travel. “My life would not be complete without travel. My favorite places to go are those that are warm and tropical, but I love to go anywhere that I have not been before. My husband and I are planning to go to Tokyo this spring to visit my sister who lives there. I can’t wait!”

8. High Heels. “I am only 5’1”, so I am always in heels. Even my flip-flops and tennis shoes have a bit of a heel on them.”

9. Friend and Co-Workers. “I am a people person. One of my favorite parts of my job is interacting with the team I work with on a daily basis. I have made so many good friends over the years. Hi guys!”

10. Exercise. “I work out seven days a week. Over the years, I have collected both a treadmill and an elliptical machine that residents have left in their apartments

and have never returned to claim. I created a mini home gym and I use it religiously. I have to work out so much because of how much I love to eat!” ■
